index to volume 42, 1979

A

Acosta, Frank Jr and Gordon W Robertstad: Chrysosporium species as fungal air pollutants. 11

Adrenocortical function in asthmatic patients on long-term triamcinolone acetonide treatment, Assessment of. (a communication from Poland) Waclaw Droszcz, Ewa Malunowicz, Beata Lech, Helena Krawczynska and Monika Madalinska. 41

Agammaglobulinemia and poliomyelitis-like illness. (case report) Joseph A Church and Susan Clay. 86

Agarwal, M K, D N Shivpuri and Arun Mittal: Respiratory allergy to algae: clinical aspects. (a communication from India). 253

Agarwal, M K, D N Shivpuri and Arun Mittal: Studies on allergenic algae of Delhi area: botanical aspects. (a communication from India). 248

Air pollution analysis used in operating an environmental control unit. Robert T Edgar, Ervin J Fenyves and William J Rea. 166

Airways obstruction in patients with rhinitis, Peripheral. (a communication from Canada) R E Lidington, D J Cotton, B L Graham and J A Dosman. 28

Algae: clinical aspects, Respiratory allergy to. (a communication from India) Arun Mittal, M K Agarwal and D N Shivpuri. 253

Algae of Delhi area: botanical aspects, Studies on allergenic. (a communication from India) Arun Mittal, M K Agarwal and D N Shivpuri. 248

Ali, Majid, M Ramanarayanan, John T Connell, Donald J Nalebuff, A Olusegun Fayemi and Ricardo Mesa-Tejada: An immunoperoxidase assay for serum ragweed-specific IgE. 231

Allergen P: effect on allergenicity, antigenicity and immunogenicity, Denaturization of. (a communication from France) F Anfosso, M Soler, R Leyris, M Mallea and J Charpin. 384

Allergy abstracts from around the world. 55, 114, 197, 262, 336, 390

Allergy in breast-fed babies to ingredients in breast milk. J W Gerrard. 69

Ammann, Arthur J, Douglas J Barrett, Lynn Bertani and Diane W. Wara: Milk precipitins in selective IgA deficiency. 73

Amin, Reza and M H Bokhari: Survey on atmospheric fungus spores in Shiraz, Iran (1977). (a communication from Iran). 246

Anergy in hypoparathyroidism: treatment with transfer factor, Moniliasis and. (case report) R H Tomar, R J Rao, A Lawrence and A M Moses. 241

Anfosso, F, M Soler, R Leyris, M Mallea and J Charpin: Denaturization of allergen P: effect on allergenicity, antigenicity and immungenicity. (a communication from France). 384

Angioedema and the Mallory-Weiss syndrome, Hereditary. (case report) Joseph Bretza and Harold S Novey. 83

Angioedema (HAE), Diagnosis and management of hereditary. John P Atkinson. 348

Angioedema (HAE), Hereditary. (case report) Joseph D Sacca. 88

Antigens in asthmatics, Oral challenges of inhalant. Lawrence S Mihalas and Michael L Loren. 145

Antihistamine and decongestant efficacy, A novel method to assess. John T Connell. 287

Arterial oxygen saturation by non-invasive oximetry technique: an office test for determining jeopardy of status asthmaticus. Leonard S Girsh and Brian J Girsh. 14

Assessment of adrenocortical function in asthmatic patients on long-term triamcinolone acetonide treatment. (a communication from Poland) Waclaw Droszcz, Ewa Malunowicz, Beata Lech, Helena Krawczynska and Monika Madalinska. 41

Assessment of a technique for scintigraphic monitoring of pulmonary aspiration of gastric contents in asthmatics with gastroesophageal reflux. Nasser Ghaed and Mark R Stein. 306

Asthma: some basic methods of prevention. (a communication from Australia) Ron Munro Ford. 92

Atkinson, John P: Diagnosis and management of hereditary angioedema (HAE). 348

Atopic skin test re-evaluated. V. The wheal-flare ratio of skin reactions to extracts of grass pollen, Dermatophagoides pteronyssinus and to histamine and compound 48/80. (a communication from the Netherlands) R Voorhorst, M C van der Hooft-van Asbeck, H van Krieken and A H Nikkels. 183

Atopic skin test re-evaluated. VI. Skin reactions to compound 48/80 and histamine in patients with atopic and non-atopic chronic respiratory complaints and in normal volunteers. (a communication from the Netherlands) R Voorhorst and M C van der Hooft-van Asbeck. 185

Atopy: a study of 234 bakery workers, Unsuitability of bakery work for a person with. (a communication from Finland) Klaus A J Jarvinen, Veikko Pirila, Fred Bjorksten, Helena Keskinen, Martti Lehtinen and Sakari Stubb. 192

Atropine in asthma, Inhaled. Richard M Snow, Warren C Miller, H Thomas Blair and David L Rice. 286

Atropine in the documentation of reversible airways obstruction, The value of. Raymond E Brady and James G Easton. 211

INDEX TO VOLUME 42, 1979

B

Babies to ingredients in breast milk, Allergy in breast fed. J W Gerrard. 69

Babu, C E, D N Shivpuri and A B Singh: New allergenic pollens of Delhi State, India, and their clinical significance. (a communication from India). 49

Bacigaluppi, Jorge E, Ricardo Negroni and Herminia M de Severino: Bacterial allergy in allergic rhinitis and bronchial asthma. (a communication from Argentina). 95

Bacterial allergy in allergic rhinitis and bronchial asthma. (a communication from Argentina) Jorge E Bacigaluppi, Ricardo Negroni and Herminia M de Severino. 95

Bakery work for a person with atopy: a study of 234 bakery workers, Unsuitability of. (a communication from Finland) Klaus A J Jarvinen, Veikko Pirila, Fred Bjorksten, Helena Keskinen, Martti Lehtinen and Sakari Stubb. 192

Barrett, Douglas J, Lynn Bertani, Diane W Wara and Arthur J Ammann: Milk precipitins in selective IgA deficiency. 73

Basal pathomechanics of asthmatic attacks (a review). (a communication from Japan) H Sugihara. 99

Beclomethasone dipropionate aerosol, Pulmonary eosinophilia in a patient receiving. (case report) Joseph L Mollura, Robert Bernstein, Stanley R Fine and James Vevaina. 326

Berman, Bernard A: "Physician — heal thyself." The Bela Schick Memorial Lecture. 273

Bernstein, Robert, Stanley R Fine, Jame Vevaina and Joseph L Mollura: Pulmonary eosinophilia in a patient receiving beclomethasone dipropionate aerosol. (case report). 326

Bertani, Lynn, Diane W Wara, Arthur J Ammann and Douglas J Barrett: Milk precipitins in selective IgA deficiency. 73

Betalactoglobulin: significance in food hypersensitivity, IgE antibodies to peptic and peptic-tryptic digests of. Zack H Haddad, Vin Kalra and Sanjiv Verma. 368

Biosynthesis in asthmatic children, In vitro IgE. (a communication from The Republic of China) Kue-hsiung Hsieh. 187

Bjorksten, Fred, Helena Keskinen, Martti Lehtinen, Sakari Stubb, Klaus A J Jarvinen and Veikko Pirila: Unsuitability of bakery work for a person with atopy: a study of 234 bakery workers. (a communication from Finland). 192

Blair, H Thomas, David L Rice, Richard M Snow and Warren C Miller: Inhaled atropine in asthma. 286

Bokhari, M H and Reza Amin: Survey on atmospheric fungus spores in Shiraz, Iran (1977). (a communication from Iran). 246
